

CREATING A PANORAMA

This tutorial walks you through creating a **Pan & Zoom**.

Step One

Go to Window > Folio Overlays to open the folio overlays panel.

Step Two

Make a box on your page that is 19 p by 14p11 using the Rectangle Frame Tool. With the box selected, go to File > Place and search for the image called Panorama.jpg. Click Open.

Step Three

Select the image. Then select the Pan & Zoom menu in the Folio Overlays panel. Turn Pan & Zoom on.

Step Four

Click the preview button to test your Pan & Zoom. Select Preview on Desktop.
